## ABOUT US

# B

ased in Southern California USA, Acesonic is the leading manufacturer of sing-along products, providing a diverse selection of high-quality karaoke equipment to enthusiasts all across the world. Since the company's inception in 2001,

Acesonic has been supplying the most modern and innovative products while remaining competitive in our pricing. As a result, consumers have begun to equate our brand name with excellence as well as affordability.

This year, Acesonic continues to offer a wide selection of karaoke players, mixers, amplifiers, speakers, microphones and other related accessories. Our 2018 product line is proud to introduce several new products which feature the latest in karaoke and audio technology.

Over the years, Acesonic has developed one of the best reputations in the business. Our commitment to upholding excellence and leadership in the karaoke industry is shared by every aspect of the company, from production to sales, as we strive to continuously expand and improve to meet the demands of an ever-growing karaoke market from now and beyond.

## JOIN THE "ACE" TEAM!

# A

cesonic is always looking for new dealers and distributors. Karaoke is a fast-growing industry and the demand for quality, affordable karaoke hardware and software is as high as ever! Let us help you capitalize on this demand and convert opportunity into growth for your business.

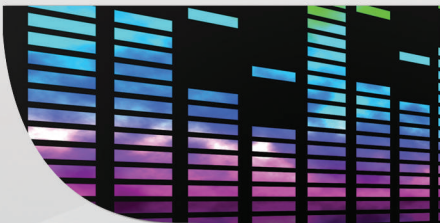

### **As a dealer, you will enjoy**

- High profit margins
- Lifetime, year-round customer, technical and repair support
- **1 Year Manufacturer Warranty** for your customers
- Unlimited stock rotations
- Discounted display units and free advertising materials
- No-hassle return service
- Convenient payment terms
- Product and sales training
- Drop-shipping for your customers

If your business meets the requirements listed below, don't wait...apply today!  
The application process is quick and easy, and can be completed within one day.

### **Dealer requirements**

- Government recognized resale certificate or seller's permit (or equivalent for your area)
- Proof of physical or online store
- A completed and signed reseller's declaration form (we will provide the form)
- A completed payment authorization form (we will provide the form)
- Orders placed in carton quantities
- Minimum first order of \$1,000

## MAP POLICY

# I

n order to maintain brand integrity and quality, Acesonic has established a Minimum Advertised Price (MAP) policy that authorized dealers must adhere to when advertising and marketing Acesonic products. All authorized Acesonic resellers must agree to the following MAP policy:

All advertised prices, including but not limited to print, broadcast, internet, billboard and other media formats, must be at or above Acesonic's MAP pricing. Our MAP pricing can be obtained through our designated Acesonic sales representative. Resellers are not required to list prices in advertising, however, if it is listed it must be at or above our MAP prices. While resellers are responsible for ensuring their advertised prices are at or above MAP pricing, resellers are also free to set the actual resale price of Acesonic products however they wish.

Failure to comply with our MAP policy may result in loss of authorized reseller/ dealer status, either temporarily or permanently. The decision to revoke, suspend or terminate relationship with reseller for MAP policy violations will be at the sole discretion of Acesonic, and may occur without warning.

## DROP SHIP

# A

cesonic is proud to offer drop shipping for our resellers to

anywhere in the US and Canada, with no minimum order and a small drop ship fee. In-stock items will ship within one (1) business day.

1 Year Warranty on all our products

- Audio/Video Output
- Auto BGM
- 3 Mic Inputs w/ Individual Mic Volume Control (Front)
- 2 Microphone Inputs (back)
- Music Balance, Treble, Bass Controls
- Subwoofer Output
- AC Outlets (Rear)
- 4 Speaker Output Terminals  
Left, Right, Surround Left, Surround Right  
Banana Plugs or Speaker Wire
- 24-bit High Performance DSP and AD/DA, 48kHz Sampling Frequency
- High-quality Professional Vocal Effects (Reverb, Echo, Reverb+Echo)
- Automatic Digital Feedback Eliminator
- 7 Stereo Digital Keying of the Modulation
- Automatic prioritizing of 4 Sets of Audio & Video inputs + Background Music (BGM)
- Adjustments of Digital Settings through control knobs for more convenient operation
- 4 input/output digital electric meter
- Extremely low body noise
- Intuitive 160X32 White Light Blue Dot Matrix LCD
- Output Power:  
Left & Right: 2x300W RMS (8Ω) RMS  
Surround Left & Right: 100W (8Ω)

**Specifications**

- Signal to Noise Ratio:  
Music Processing, Above 95DB  
(Pass Through, Tone off)  
MIC Processing, Above 50DB  
(Effect Open)
- Frequency Response:  
20Hz-20kHz ±1dB
- Input Sensitivity/Impdace  
Mic 0.5mV-100mV/2kΩ  
Line 0.707Vpp/10kΩ  
Video: 1Vpp/47kΩ
- Tone Control:  
A. Music:  
Treble (increase / attenuation)  
Bass (increase / attenuation)  
B. Mic:  
Treble (increase / attenuation)  
Bass (increase / attenuation)  
Modulation: ±7Grade, Step100 Cent
- THD: 0.3% 20Hz-20kHz, 2-Channel  
2x100W(RMS) Out (Pass Through)
- Output sensitivity/impedance  
Audio(Mix Output): 3.2V/4.7kΩ  
Video: 1Vpp/320Ω
- Output Impedance:  
With short circuit protection function: 4-8Ω  
Recommended Impedance: 8Ω
- Power Supply:  
AC 200V-240V/50Hz Selectable  
• Fuse: T15A/250V  
• Stardard Power: AC 120V/50Hz  
• Power: 800W  
• AC Power Outlet  
Switching a set of: 200W  
No switching groups: 300W  
• Weight: 37.56 lbs  
• Dimension: 20.1" x 16.93" x 7.5"

**SOLID POWER**

# KC5200

Karaoke & Cinema Amplifier

## HDMI DSP Karaoke & Cinema Amplifier with 1400 Watts

Supports iPad and iPhone App

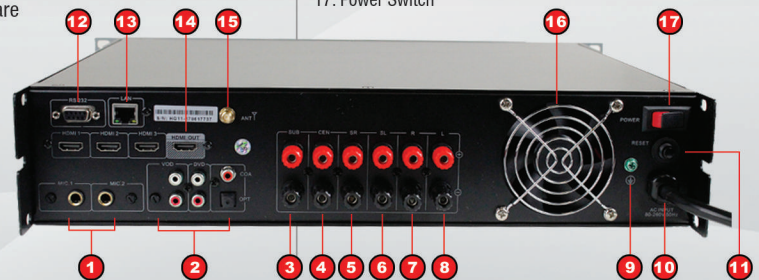

- INCLUDES**
- Karaoke & Cinema 6 Channel Amplifier
  - Remote Control

- Unprecedented integrated design of Cinema, Karaoke, and KTV surround sound output
- Supporting digitalizing & networking intelligent home; remote control of infrared switch
- All digital audio processing system, stereo DSP multi-digital reverb, more professional vocal effect
- 3 in 1 out HDMI audio and video interfaces, optical and coaxial audio digital inputs
- 2 inches LCD color screen, CN/EN are optional, dynamic indicator display, four-key navigation controller, more convenient
- 16-Band PEQ for music, 16-Band PEQ for two ways MIC respectively, noise gate, HPF/LPF
- Functions for Effect: HPF/LPF, Reverb, Echo and 3-Band PEQ
- Functions for Main Outputs/ Center/ Sub/ Surround: 5-Band PEQ, HPF/LPF, Input selecting and mixing ratio, polarity, delay, limiter and gain
- With ADI chip, 255MHz main frequency, 32-Bit DSP processor, 48KHz sampling frequency, 24-Bit A/D and D/A converter
- Multiple interfaces such as USB, RS232, LAN and WiFi, equipped with professional PC software
- 16 groups system memories data, including 8 groups of preset, 8 groups of user settings
- The boot data is the last saved parameters
- 2 levels lock function. Standby function

**PANEL PARTS**

1. MIC Input and Volume
2. Music Input
3. Subwoofer Balanced Output, Connects to the Loudspeaker
4. Center Balance Output, Connects to the Loudspeaker
5. Surround right balanced Output, Connects to the Loudspeaker
6. Surround left balanced Output, Connects to the Loudspeaker
7. Main Right Balance Output, Connects to the Loudspeaker
8. Main Left Balance Output, Connects to the Loudspeaker
9. Ground Protection
10. Power Cord
11. Overload Protection
12. RS232 serial port
13. Ethernet interface
14. HDMI interface
15. WiFi signal antenna
16. Cooling Fan
17. Power Switch

REAR PANEL VIEW

**Specifications**

- Output Channel: Main outputs (R/L) / Center/ SUB/ SURR (L/R)
- Output Power: 8 Ω 5\*200W + 400W | 4 Ω 5\* 400W + 800W
- S/N R: >103dB
- THD: <0.01%
- Sensitivity: 0.775v/1.0v/1.4v
- Input Impedance (Ω) : 20k Ω balance
- Damping Factor: > 200/8 Ω
- Frequency Response: 20Hz-20KHz (+0dB - 0.5dB, 1KHz)
- Crosstalk of Channels: > 95dB
- Power Protection: short circuit, overcurrent, undervoltage overvoltage, overheating
- Weight: 9.25KG
- Dimensions: 485 x 460 x 95 mm

**PASSIVE**

AMPLIFIER REQUIRED

**Specifications**

Max Power Output	300W each
Frequency Response	55Hz - 20KHz
RMS	200W each
Impedance	2 - 8Ω
Sensitivity	92dB
Woofer	10"
Mid-Range	none
Tweeter	2 x 3"
Weight	25 lbs each
Dimensions (LxWxH)	20.27" x 11.4" x 11.8"

- Type: 2-Way, 3-Speaker Bass-Reflex Type
- Attractive three-dimensional curved design
- Banana Plug connector style interface
- Ceiling-mount and speaker stand mount compatible

**UHF-A6**  
Commercial UHF True Diversity  
Wireless Microphone System

# EXPERIENCE WIRELESS FREEDOM

**OPTIONAL  
ACCESSORY**

**Dual Charging  
Station**

This charging dock can charge up to 2 wireless mics simultaneously. The LED indicators here show each of the mics' own charging status.

**INFRARED (IR) SYNCING FEATURE**

- UHF True Diversity - 2 radio modules per antenna are continuously compared to select the strongest signal delivering an exceptionally stable radio signal.
- Ability to use up to 100 individual channels simultaneously (multiple receivers required)
- Built-in SQ - Allows you to adjust the receivers range. If more than one radio system is used in a single area, adjust your SQ to only go as far as your microphones to avoid picking up unwanted frequencies.
- High Durability - Dent resistant to avoid damage from big drops.
- Channel Assigned Frequencies - It's easier to remember a single number than a frequency number so we created a way to assign an "easier to remember" sequence to each frequency such as 1, 2, 3, etc... versus xxx.xx. This makes assigning different microphones to different rooms a snap.

**Specifications**

**Receiver**

- Frequency Stability: +/- 0.005%
- Image Interference Rate: >80dB
- S/N Ratio: >105dB
- Sensitivity: -107dBm
- T.H.D.: <0.5%
- Audio Output Impedance: 600Ω
- Audio Output Level: -12dB
- Display: LCD
- Frequency Range:
- Frequency Preparation: PLL
- Receiver Channels: 100 Individual Channels
- Frequency Response: 15Hz-20KHz
- Maximum Distance: 150M

**Transmitter (Handheld)**

- Dynamic Range: >110dB
- Frequency Stability: +/- 0.005%
- Frequency Deviation: +/- 45KHz
- Spurious Rejection: <48dBc
- RF Output: 10mW
- Power Consumption: 90mA
- Battery: AA 1.2V/1.5V x 2
- Display: LCD

**INCLUDES**

- 2 Wireless Mics (Black)
- UHF-A6 Receiver
- 2 Antennas
- Power Cord
- Microphone Cable
- Rackmount Kit

**OPTIONAL  
ACCESSORIES**

**Body Pack**  
Includes a headset and lapel for more convenience

**Charging Station**  
Charges up to 20 microphones at the same time.

**Additional UHF Wireless Microphones**  
with 3 fantastic finishes to choose from.  
*Silver, White, and Black*

# UHF-5200 PRO

True Diversity Dual Channel UHF Wireless Microphone System

ENJOY **FREQUENCY STABILITY**  
AVOID **INTERFERENCE**

**900 MHz**  
**100-Channels**

**BUILT-IN**  
**MICROPHONE EFFECTS**

- INCLUDES**
- UHF-2980 Receiver
  - 1/4" Microphone Cable
  - 2 Antennas
  - Charging Base
  - 2 Power Cables
  - Rackmount Kit
  - 2 AA Rechargeable Batteries

**INFRARED (IR) SYNCING FEATURE**

- 8 types of acoustic presence (0:Standard, 1:Boost, 2:Treble, 3:Pop, 4:Rock, 5:Classic, 6:Jazz, 7:Dance, 8:R&B)
- Microphone allows interchangeable (1 & 2) dual channel usage
- Commercial grade UHF True Diversity system.
- Multiple systems can be used together allowing up to 200 channels simultaneously (Channel A goes from 1 to 100 while Channel B goes to 101 to 200).
- Easy-to-Use IR Channel switching function
- 2 rechargeable, high-sensitive & durable microphones with LCD indicators.
- Rackmountable

### Specifications

#### Receiver

- Frequency Range: UHF 900 - 960MHz (digital)
- Number of Frequency: 100
- Occupied Bandwidth: 300KHz
- Digital Modulation Mode: Mpi/4DQPSK
- Frequency Response: 50Hz - 15KHz
- S/N Ratio: >90dB
- Operating Range: 50M LOS
- Operating Temp. Range: 5°C - 45°C
- Receive mode: Digital decryption receive

#### Transmitter (Handheld)

- RF Power Output: 15mW (≤10dBm Transmitting power)
- Oscillation Mode: Digital Freq. Synthesizer
- Frequency Stabilization: ±0.005% (within 30ppm)
- Dynamic Range: ≥100dB SPL
- Max Input Sound Pressure: 130dB SPL
- Mic Pick-up Head: Moving Coil Heart Type Pointing
- Battery: 1.5V (two)
- Power Consumption: > 35mA

- Simultaneous 2-Channel Operation for both transmitters (Ch. A and B)
- Infrared (IR) Signal Reception LED Indicators
- Channel A, B, or A+B Mixed Audio Output 6.35mm-type connector
- Separate Channel A and B Volume controls
- Maximum 3 IR Sensor Inputs
- Multiple emitter array of high-efficiency IR emission LEDs for optimum IR transmission
- Power ON LED indicator
- Powerful Uni-Directional dynamic capsule for optimum audio, minimum handling noise and maximum feedback rejection

### Specifications

#### Receiver

- Modulated Mode: (IR) Frequency Modulated
- Carrier Frequency:  
IWM-360B: ChA 2.06 MHz, ChB 2.56 MHz  
IWM-360S: ChA 2.86 MHz, ChB 3.22MHz
- Audio Frequency Response: 50Hz-15KHz ±3dB
- Deviation: ±40Hz
- S/N Ratio: >85dB
- Dynamic Range: 98dB
- T.H.D: <1%
- Carrier Stability: ±0.005% (-10°C-50°C)
- Channels: 2 Channels
- Output Voltage: 400mv

- Working Range: > 100m<sup>2</sup> (15m LOS\*)
- Power Supply: 12V DC
- Receiver Size: 1/2 19" EIA Standard 1-Rack Unit
- Receiver Weight: 1300g

#### Transmitter (Handheld)

- Sound Cartridge: Uni-directional Dynamic
- Carrier Frequency: 2.06 MHz / 2.56MHz
- Battery: 2 x AA Size
- Working Time: 7 Hrs (Lo Output) / 4 Hrs (Hi Output)
- Transmitter Size: (Head) 50 x (L) 245mm
- Transmitter Weight: 280g
- Recharging Time: 5 Hrs (2000mAh, Ni-Mh)

## IWB-360B (2MHz)

Dual Rechargeable Wireless Microphone System (Black)

## IWB-360S (3MHz)

Dual Rechargeable Wireless Microphone System (Silver)

- INCLUDES**
- IWM-360 IR Receiver
  - 2 Microphones
  - External IR Sensor
  - Microphone Charger
  - 1/4" to 1/4" Cable
  - Two Power Adapters
  - User Manual

**GO INFRARED. Eliminate radio frequency interference!**

# UHF-BBSi30

Rock & Roll Swivel Wireless Microphone on Stand

## ROCK OUT ON YOUR NEXT PERFORMANCE STYLISH MIC SWIVELS AROUND AND RETURNS TO A STANDING CENTER

- Swivels at the base and where the microphone connects to the stand
- Allows you to dance and use the microphone and stand as a prop during performances
- 100 UHF Frequency Spots - PLL digital lock with automatic signal selection
- Hight selective signal-locked loop, image rejection and derivative frequency interference
- Circuit with digital frequency divider, phase and comparative frequency-locked
- Multipath signal differential comparator, stepper analysis enhances intermodulation performance
- Built-in anti-fake radiation isotropic antenna transmission
- Weight:  
Microphone: 3.55 lbs  
Stand: 4.05 lbs  
Mobile Base: 41 lbs

### Specifications

#### Wireless Receiver

- Carrier Frequency Range: 660-690MHz
- Frequency oscillation mode: PLL Module Locked Loop Design
- Channels: 100
- Frequency Response: 50Hz ~ 18KHz
- Working Distance: 100 ft
- Frequency Space: 300KHz
- Bandwidth: 30MHz
- Carrier Wave Stability:  $\pm 5\text{PPm} \leq 10\text{KHz}$
- Image Interference Ratio:  $> 80\text{dB}$
- Signal-to-noise ratio:  $> 60\text{dB}$  (1KHz-A)
- Sensitivity:  $-95\text{dBm}$  (12dB S/N AD)
- T.H.D (1KHz):  $< 0.5\%$ @1KHz
- AF Output Impedence: 2.2 $\Omega$
- Audio Output Level:  $-12\text{dB}$
- Mute: Mute & Locked Loop Circuit
- Display: LCD + LED
- Operations Voltage: 8V DC, 1700mA
- Output Connector: Unbalanced TRS 6.3 Socket

#### Transmitter (Microphone)

- Dynamic Range:  $> 110\text{dB}$
- Stability:  $\pm 0.005\%$
- Frequency Deviation:  $\pm 44\text{KHz}$
- Spurious Emissions:  $< -60\text{dBc}$
- RF Output Power: 10mW
- Power Consumed:  $\leq 100\text{mA}$  @ 3V
- Battery: UM3, AAA 1.5V x 2
- Display: LCD

\*Microphones are available in yellow, orange, & rose gold

#### INCLUDES

- Wireless Receiver
- Handheld Microphone
- Adjustable Stand
- Stationary Base

### Yellow

### Orange

### Gold

# HM-225

HDMI Digital Vocal Mixer with Bluetooth and Dual Wireless Microphones

## Includes 2 Built-In Microphones

- Connect to LCD Display, TV, Media Speaker, HD Player, Set-Top Box, ect...
- 3.5mm Stereo Audio Jacks to Connect the Amplifier, Computer, CD Player, HD Players, MP3 Players, Smart Phone, and more!
- 2 Microphone Inputs in Addition to 2 Wireless Built-In Microphones (up to 4 microphones connection)
- Adjustable Echo Level and Tone Control for All Microphones.
- Built-in Bluetooth (Ver 4.2) Function to Apply the Mobile Application for Voice or Music.
- Small Size, Light Weight and Easy to Carry.

### INCLUDES

- Mixer
- (2 pcs) Wired or Wireless Microphones
- Power Adaptor
- 3.5mm/3.5mm audio cable
- (2 pcs) 3.5mm/2RCA audio cable
- (4pcs) AAA Dry Battery

### Specifications

#### Mixer

- Bluetooth Ver: 4.2
- Wireless Frequency Range: UHF THD: 0.5%
- Signal-Noise Ratio: 85dB
- Frequency Response: 30Hz-18kHz @±3dB
- Operating Range:>20 ft
- Typical Tone Control: ±15dB @ 10kHz
- Power Supply: DC 5V1100mA

#### Microphones

- Wireless Microphone Transmitting Power: 10dBm
- Modulation Mode: FM
- Max Modulation: 75kHz
- Wireless Microphone Frequency: 500 MHz (554.9 & 570.9)
- Spurious Emission:60dB
- Power Supply: DC 3V (2 AA Batteries)

# PX-88

PerformMax Professional Dynamic Vocal Microphone

- On/Off Switch
- Frequency response tailored for vocals with brightened midrange and bass rolloff
- Uniform cardioid pickup pattern isolates the main sound source and minimizes background noise
- Pneumatic shock-mount system cuts down handling noise
- Effective, built-in spherical wind and pop filter

### Specifications

- Type: Dynamic (moving coil)
- Frequency Response: 50-14,000 Hz
- Polar Pattern: Unidirectional (cardioid)
- Impedance: 150 (300 actual)
- Connector: 3-pin professional audio connector (male XLR type)

### INCLUDES

- 14 ft Microphone Cable (XLR-to-¼")
- ¼" to Mini Jack Adaptor

# HM-708

Professional Microphone with Volume Controller

- On/Off Switch
- 3 Level Volume Controller
- Cardioids polar pattern picks up the most sound from the front of the microphone and some sound from the sides.
- Steel mesh ball grill with integral "pop" filter reduces explosive breath sounds and wind noise

### Specifications

- Sensitivity - 72.5 dB
- Frequency Response: 50Hz - 16KHz
- Impedance: 600Ω
- Lifetime Manufacturer Warranty

### INCLUDES

- 15 ft Microphone Cable (XLR-to-¼")
- Deluxe Microphone Carrying Case

# MP-703

Professional Legendary Vocal Microphone

### Specifications

- Type: Hyper - Cardioid
- Frequency Response: 60Hz - 13,000 Hz
- Impedance: 400Ω
- Sensitivity : -74dB +/- 3dB
- Sound Pressure Level : More than 130 dB(SPL)
- Color: Metallic Gray

### INCLUDES

- 14 ft Microphone Cable (XLR-to-¼")

## BB-915

### 15 FT-16 AWG Speaker Cable with Dual Banana Connector

- Banana Plugs to Angled Pin Connectors for Solid Connection
- 15 Ft Length
- 16 AWG high performance Speaker Cable provides the Highest fidelity
- PVC, Durable Weather Resistant Jacket
- High-Strand Oxygen Free

## BB930

### 30ft – 14 AWG Banana Plugs to Pins Speaker Cable

- Banana Plugs to Angled Pin Connectors for Solid Connection
- 14 AWG
- 30 FT Length
- PVC, Durable Weather Resistant Jacket
- High-Strand Oxygen Free

## SS-689

### Professional Heavy Duty Speaker Stands (Pair)

- Comes with 2 Speaker Stands
- 2 Universal ABS Mounting Brackets Included
- Height: 36"-72" (91.44cm-182.88cm)
- Weight: 15 lbs each
- Load Capacity: 88lb (40Kg) Each

*These stands work with all speaker models including Vocopro, BMB, JBL, API, and RSQ.*

## BB-715

### 15 FT-16 AWG Banana to Banana Plugs Speaker Cable Oxygen Free Copper (OFC)

- Banana Plugs Connectors for Solid Connections
- 15 Ft Length
- 16 AWG
- PVC, Durable Weather Resistant Jacket
- Oxygen Free Copper (OFC) High Quality Built

## QT-805

### 5 FT 1/4" to 1/4" Audio Cable

- 5 Ft Cable
- Perfect for Wireless Microphone System Receivers

## MC-815

### 15ft XLR-to-1/4" Microphone Cable

- 6mm x 15ft Cable
- XLR Female Metal Connector to 1/4" Male Metal Plug
- Compatible with all standard microphones using XLR jack (3 prongs)
- Ultra Durable with Stretchable cable guide
- High-grade copper with minimum distortion
- Super insulated for minimum interference
- 1 Year Manufacturer Warranty
- Shipping Weight: 1.5 lbs

## Windscreen Sock

### 5-Pack Protective Covering for Microphones

- Eliminates unnecessary pop and wind noises
- 5-Pack available in:  
Black – 5 Pack  
Colored Mic Windscreens
- Easy to Color Code your Microphones
- Fits most wired and wireless microphones
- Keeps your microphone clean, fresh and sanitary

**COLORED  
WS-505**

*Keep your mic clean & fresh! And, get rid of Popping & Clicking sounds while using your microphone!*

**BLACK  
WS-501**

## Microphone Rings

### 2-Pack Anti-Rolling Ring Mic Holder

- 2 Sturdy Plastic Rings
- Hexagon Design with 6 flat sides
- Cheap & Effective Tool to Manage Rolling
- Available in Black, Blue, Red, Orange & Green

**BLACK**

**BLUE**

**ORANGE**

**GREEN**

**RED**

*Prevent microphone damage from rolling and falling!*

## MS-208

### Adjustable Microphone Stand with Microphone Clip

- Adjustable Height: 3-5ft
- 7 lbs Round Base
- Mic clip included fits all standard microphones

## K-415

### Microphone Clip for Wireless Mics

Microphone clip sized for wireless microphones (larger opening) with adjustable angle. Excellent replacement or spare clip for microphone stands.

## MH-012

### Dual Microphone Holder & Clips Kit

- Dual Microphone Holder
- 2 Microphone Clips

## NB-901

### Speaker Mount

- 2 mounts in 1 box
- Provides ceiling or wall mounting for speakers
- Compatible with most BMB, RSQ, API, & VocoPro speakers
- Wall Mounting Screws are not included
- Speaker mount can be used for both ceiling & wall mount

**Acesonic**<sup>®</sup> USA  
161 S. 8th Ave., City of Industry, CA 91746
